Resume Analysis Report

Sections Detected:

Education, Awards and Achievements, Skills and Expertise, Internships, Projects, Competition/Conference, Coursework Information, Positions of Responsibility, Extra Curricular Activities

Missing Sections:

Summary/Objective Statement

Well-Written Sections:

Experience, Projects, Internships, Awards and Achievements

Resume Quality Score:

9.2

Skills Sentiment Summary:

confident and comprehensive

Improvement Suggestions:

- Add a compelling summary or objective statement
- Refine and categorize the skills section
- Quantify achievements in projects and internships
- Condense the coursework information
- Tailor the resume to each job application
- Use action verbs
- Proofread carefully
- Consider a portfolio

Removing Jargon and Filler words Recommendation:

- Remove cliché phrases
- Specify algorithm types
- Quantify achievements
- Simplify technical descriptions
- Focus on results over methods

ATS-Friendly Formatting Tips:

- Use a simple, clean format
- Incorporate relevant keywords
- Quantify results
- Categorize skills
- Use a consistent format for each entry
- Shorten or remove coursework information
- Highlight leadership skills
